NSLA BULLETIN 2015-03

ELECTRONIC PAYMENTS

Epay is now offered through SLIP and we are urging all of our brokers to use this method of payment for all invoices going forward. We have had problems with checks being mailed to the wrong address, getting lost in the mail or being delayed through the mail and also not being able to identify which broker to credit for the payment. Epay will eliminate all of these issues.

Epay will become mandatory in the near future. We hope to have everyone using Epay by the end of 2015. If there is some reason why you feel you cannot use the Epay, please submit your explanation in writing either by email to Karenf@nsla.org or by letter to our office at the address shown above for review.

Please note that you can use different bank accounts for each invoice if necessary so paying late penalties from your operating account and taxes and filing fees from your trust account is possible.

If you incur any errors or if the system does not function properly, please contact our office as soon as possible. If you disagree with the amount owed, you need to call our office before you make your payment.

This bulletin has been sent to SLIP Administrators only. Please share this bulletin with all other interested parties including your accounting department.

If you have any questions, please call our office or you can email Karen at Karenf@nsla.org

Thank you.
